FOR JUDGE OF PEACE.

The Good Roads State Convention will be held in Louisville, Kentucky, Thursday and Friday of this week.

The Kentucky Court of Appeals has adjourned for the Summer. The next meeting will be the 10th of September.

The Republican party is threatened with a split. The bulk of this organization has struck the craggy rocks of protection.

Rev. Franklin H. Keerfoot, a noted Baptist Divine, died at Atlanta, Ga., last Saturday. His last work in Kentucky was at Louisville.

The Court of Appeals holds that the State Board of Health has no right to deprive G. W. Murphy, an osteopath of Bowling Green, of his license to practice medicine.

The Court of Appeals refuses to grant the position of Calab Powers' attorneys for a modification of its opinion reversing the verdict of the Scott Circuit Court.

Elkhorn Valley in the Pocahontas coal field district, West Virginia, was visited by a cloud-burst last Saturday night. Six hundred lives were lost and much property destroyed.

A few pine hunters are mentioning John W. Yorke as the logical candidate for the Presidency. Dr. Debow is in line of promotion, why not take him? He is a very good size man.

The Democrats who are seeking and devising ways and means to bring victory to our party in its next National contest should make up their minds to support our party nominees.

The negro who murdered policeman Crum at Danville, several months ago, will hang, the Court of Appeals, having sustained the judgment of the lower court. Gov. Beckham will not fix the day for the entertainment.

The third party movement is a failure before starting. There are but two parties in this country—the Democratic and Republican. They will be the contending forces as long as trees grow.

In different sections of the South the negroes have a secret organization formed for the purpose of assassinating white people. The murdering of Foster, in Louisiana, developed the whole plan. A few necks of the lawless hounds have already been stretched, and it would result in good to the country if their white consorts were served likewise. In our judgment there has never been an abdication of manhood among negroes that a white man was not the instigator of the organization.

Senator Jones, of Ark., Chair of the Democratic National Committee, has been in Washington. He talked freely of the political outlook, but said he wished it understood that he made no pretense of representing anybody but himself in the opinions expressed. He thinks that the next session of Congress will devote a great deal of time to the Philippine question with which the Supreme Court has said Congress alone has power to deal, and that out of the discussion will grow the principal issue of next year's Congressional campaign—"Ought the Constitution to follow the flag?" Senator Jones thinks the Democrats will take the stand that we should not controvert any people who are not considered good enough to enjoy all the rights and privileges of American citizens; that we should assist the Filipinos to set up an independent government, "notify the powers that we will brook no interference with it, and then withdraw our flag from the Philippines, but believe that a majority of Republicans will stand by the program of holding the islands for the money that can be made out of them. He said that the Democrats would fight the Ship subsidy bill, which he expects to be pushed to the front again, just as hard as ever, that he doubted whether Babcock's much talked of anti-tariff bill would ever get out of the House Ways and Means Committee, and rather expected the Committee of the Senate continental railroad bosses to smother Nicaragua Canal Legislation, to be obeyed by the Republican leaders.

The merchants of the city of Georgetown will have, during the week of July the 22d, their first Annual M-D-Summer Fair, Horse show and Carnival. The amusements and promotion under direction of the The Olympic Carnival and Oriental Exhibition Company. There are no doubts as to the entertaining features of the above and while it will require much money and heroic efforts it will doubtless redound to the good of its promoters and the welfare of Georgetown and Scott county.

The Democratic of Virginia should look at the conditions of the State since we indulged in a heated fight among ourselves. The contest for nomination between Montague and Swanson is very spirited—it is bitter and in our judgment the former is the aggressor. The best thing that could happen to the party and the State would be to drop them both and give Mr. Eckel the nomination. He is the man of the three.

Dr. Clark, charged with murdering Calab Powers Walker, a criminal operation, gets a new trial. The crime was committed at Sturgis, Union county, and the doctor was given ten years. It will be remembered that the young lady's sweetheart was with her in Clark's office and shot and killed himself immediately after the girl's death, falling across her body.

Fifteen persons comprise the Republican Committee of Henry county and ten of that number are postmasters. A trust has been formed by the aggregation for the purpose of ousting Mrs. Gertrude Saunders, who is postmaster at New Castle. Dr. Debow is very much interested and wants J. P. Gray to supersede Mrs. Saunders.

The "infant Industries" under the protection—bounty policy have become so powerful that even many leading Republicans are alarmed and are open advocates of a change in the tariff laws under which they have prospered.

The corner stone for the new Masonic Temple was laid at Louisville last Monday with imposing ceremonies. Gov. Beckham and Grand Master McChord spoke, the latter delivering the oration.
